

„Holy Awe“

Evening Worship Service (English) on September 28

Experiences of Awe as Encounters with the Holy?

An overwhelming experience in nature. Learning the solution to a complex puzzle. Being stopped in your tracks by a work of art. The mysterious difference between the moment before a person is born or dies and the moment after. What bigger reality might these experiences invite us into? Faith invites us to reflect on these moments as moments of holy encounter with others and with God as Source and Sustainer of all things.

Join us on September 28th at 18:00 in the Pauluskirche as we explore experiences of awe and wonder in relation to the idea of the holy in song, prayer, and shared reflection!
